

AWF Documentation Wiki

A [Wiki](#) is a type of website that allows users to add and edit content and is especially suited for constructive collaborative authoring. Please feel free to contribute to this manual (as long as you're not a spammer...). If you have questions about how and what to write, you're welcome to use the [Contact](#) form or the community forum.

Please do not use this Wiki as [support forum](#). Thanks!

To prevent spam, you have to be logged in to edit and create pages. Sorry for this inconvenience.

Main sections

- [User Guide](#)
- [Developer Reference](#)
- [Coding Standards](#)
- [Reference Websites](#)
- [Bookmarks](#)
- [Changelog](#)
- [Feature Requests](#)
- [Donations](#)

AWF @ freshmeat.net

You can subscribe to new AWF releases and vote for your favourite CMS by visiting the project page on [freshmeat.net](#).

Demo

You can play with a demo of AWF on [demo.awf-cms.org](#) (the database is erased and restored to a clean state every hour).
